Dear General Anderson:

Your letter of 14 August, inviting participation by members of this Agency in the 5th Annual Air Research and Development Command Science Symposium on 8-9 October, has been brought to my attention.

Unfortunately, I shall not be able to attend because of previously scheduled meetings on those dates which I am unable to change. However, several members of my staff, named on the attached list, would like to participate. Information concerning them has been forwarded to the Commander, Air Force Office of Scientific Research.

I appreciate your kind invitation, and welcome the opportunity thus afforded to members of this Agency.

Sincerely,
